Jaynic Planning Application. The meeting commended the attendance of the Parish Council Chair and two members of the public at the March 2024 West Suffolk Council Development Control Committee and noted concerns raised by a member of the public over representations made by JS at the same meeting.

Flooding. Concerns were raised about flooding between Model House and Hepworth Hall. LR also highlighted flooding further down The Street that had been reported using the Highways Reporting Tool. The Clerk forwarded the Highways Report on The Street flooding to JS **who agreed to follow up with Suffolk Highways and ask them to write to landowners to clear debris** from ditches they were responsible for. **LR agreed to complete a Land Registry search to confirm ownership** of the parcel of land where village sign was located.

SpeedWatch. The impact of the recently completed traffic calming measures was questioned as information from SIDs indicated speeding was still an issue. The Parish Council had previously agreed to review these measures in August 2024; this was to be confirmed at the May Annual Parish Council meeting and relevant SID information would be provided to Suffolk Highways to inform any subsequent review.

24/28 REPORTS FROM AND QUESTIONS TO DISTRICT AND COUNTY COUNCILLORS

Footpath. JS briefed on the outcome of the 2017 claimed footpath that had been determined by the County Council following appeal and which now required some elements to be implemented. It was noted that the approved footpath had to be installed before an application for diversion could be made.

Weston Lane. The resurfacing of Weston Lane was still waiting for the weather to improve.

Streetlight. JS reported that she had followed up a broken streetlight on The Street opposite Wood Lane that required the power supply repairing to enable a fix. The power supply had been disrupted during ditch clearing.

24/29 MINUTES OF THE PREVIOUS MEETING

Minutes of the Parish Council meeting held on 15 February 2024 had been previously circulated. It was resolved that these were an accurate record of the meeting.

Minute 24/18 15 February 2024: Events Noticeboard. GB confirmed that a letter had been hand delivered to Justin Seldis in relation to the proposed installation of an events noticeboard. However, given the recent sale of the property (The Rectory), GB agreed to approach the new owners to seek permission for the new noticeboard. Pending the outcome of this request, the purchase of the events noticeboard was to be paused and any events notices to be placed temporarily on the Parish Council noticeboard.

It was **agreed that the Clerk would complete a Land Registry search** to clarify ownership of the building and grounds.

24/33 PLANNING MATTERS

Jaynic Application. GB reported that further information had been requested from Jaynic that might affect when the application came back to West Suffolk Development Control Committee meeting. [Clerks Note: It was confirmed on 22 March that the application would go to the 3 April meeting]. GB introduced 12 key points to be covered at the next Development Control Committee meeting and these were agreed. NB highlighted concerns over the proposed Liaison Group referenced in the conditions and it was agreed to add this to the key points. LR highlighted ongoing traffic issues when Compiegne Way closed due to flooding and in relation to Great Barton air pollution. Any additions to the agreed list of key points would be covered by out of meeting email circulation through the Clerk.

County Cllr Spicer left the meeting at 9.12pm

It was agreed that the **Clerk would seek advice from the Suffolk Association of Local Councils** on the proper and appropriate method of reflecting these concerns.
